

TECHWAY helps to protect your company.

When personal data related to your company appears in the darknet, we will inform you straight away. We also analyze password patterns in historic leaks and inform you about vulnerabilities that hackers use to harm your organization.

CYBER THREAT INTELLIGENCE

CREDENTIAL ANALYSIS

DYNAMIC MONITORING (24/7)

Leaked credentials in (near) realtime.

STATIC ANALYSIS (ON-DEMAND-REPORT)

Historically leaked credentials.

TAILORED REPORT

PASSWORD PATTERN ANALYSIS

DARKNET FOOTPRINT ANALYSIS

STOLEN CREDIT CARD DATA

RECOMMENDED MEASURES
